Final Terms

MiFID II Product Governance / Target Market Eligible Counterparties, Professional Investors and Retail Investors

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, professional clients and retail clients, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"), and (ii) all channels for distribution of the Notes are appropriate, including investment advice, portfolio management, non-advised sales and pure execution services. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

The Conditions applicable to the Notes (the "**Conditions**") are the General Conditions contained in the Securities Note and the Issue Specific Conditions set out below.

§ 1

CURRENCY, PRINCIPAL AMOUNT, DENOMINATION, GLOBAL NOTE, BUSINESS DAY AND LANGUAGE

(1) *Currency, Principal Amount, Denomination and Global Note.* This tranche (the "**Tranche**") of notes (the "**Notes**") is being issued by Erste Bank der oesterreichischen Sparkassen AG (the "**Issuer**") in United States Dollar (USD) (the "**Specified Currency**") in the aggregate principal amount of up to USD 50,000,000 (in words: fifty million) (the "**Aggregate Principal Amount**") in the denomination of USD 1,000 (the "**Specified Denomination**" or the "**Principal Amount per Note**") each.

The Notes are represented by a global note without coupons (the "**Global Note**") pursuant to the Austrian Securities Depository Act (Depotgesetz), as amended.

(2) *Business Day.* "**Business Day**" means a calendar day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets in New York settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) and the real time gross settlements system operated by Eurosystem or any successor system (T2) is open.

(3) *Language.* These Terms and Conditions are written in the English language only.

§ 2

INTEREST

(1) *Interest payments.* The Notes are subject to the following interest payments:

(i) if the Closing Price of the Reference Asset which Performance (as defined in § 3) is the lowest compared with the other Reference Assets, on the Valuation Date immediately preceding the relevant Interest Payment Date is equal to or greater than the Coupon Barrier (as defined in § 3), interest will be paid in an amount corresponding to the product of (x) the Principal Amount of the Notes and (y) the Interest Rate, or

(ii) otherwise no interest will be paid on such Interest Payment Date.

(2) *Interest Rate.* The "**Interest Rate**" relevant for an Interest Payment Date corresponds to the sum of (i) 4.90 *per cent.* (the "**Basic Rate of Interest**") and (ii) the product of (x) 4.90 *per cent.* (the "**Memory Rate of Interest**") and (y) the number of all Interest Payment Dates prior to the relevant Interest Payment Date, on which no interest and also no Memory Rate of Interest has been paid, i.e. if on one or more Interest Payment Dates no interest payment has been made and on any following Valuation Date the requirements for an interest payment according to paragraph (1)(i) are fulfilled, such omitted interest payments will be paid on the Interest Payment Date immediately following such Valuation Date.

(3) *Interest Payment Dates.* Interest shall be payable semi-annually in arrear on 02.04. and 02.10. in each year (each such date, an "**Interest Payment Date**"), commencing on 02.04.2027 and ending on 02.10.2029. Interest Payment Dates are subject to adjustment in accordance with the provisions set out in § 4 of the Issue Specific Conditions.

(4) *Calculation of Amount of Interest.* The amount of interest payable under the Notes will not be calculated for any period of time (bullet payment) and shall be calculated by applying the Rate of Interest to the Specified Denomination and rounding the resultant figure to the nearest sub-unit of the Specified Currency, half of such sub-unit being rounded upwards or otherwise in accordance with the applicable market

convention. There will be no multiplication of such sum by a day count fraction.

§ 3 REDEMPTION

(1) *Early Redemption.* If the Closing Price of the Reference Asset, which Performance is the lowest compared with the other Reference Assets, is greater than or equal to the Early Redemption Barrier relevant for the following Early Redemption Date on a Valuation Date, which is not the Last Valuation Date, each Note will be redeemed by the Issuer at the Early Redemption Amount on the Early Redemption Date, subject to an adjustment pursuant to § 4 of the Issue Specific Conditions, immediately following the relevant Valuation Date.

(2) *Redemption on the Maturity Date.* Unless previously redeemed in whole or in part or purchased and cancelled, the Notes shall be redeemed on the Maturity Date as follows:

(i) if the Closing Price (a) of the Reference Asset which Performance is the lowest compared with the other Reference Assets, on the Last Valuation Date is greater than or equal to the Final Redemption Barrier, or (b) of the Reference Asset which Performance is the highest compared with the other Reference Assets on the Last Valuation Date is greater than or equal to the One Star Barrier, each Note will be redeemed by the Issuer at 100 *per cent.* of the Principal Amount per Note

(For clarification: In case of redemption on Maturity Date the Redemption Amount equals not more than the Principal Amount.)

or

(ii) otherwise each Note will be redeemed by the Issuer by (x) physical delivery of the Delivery Shares and (y) if applicable payment of the Cash Amount on the Maturity Date, subject to an adjustment pursuant to § 4 or § 3 (6) of the Issue Specific Conditions.

(3) *Delivery Method.* The Delivery Shares will be delivered to the Holders or to their order by crediting them to a securities depository account with the clearing system, which is the securities depository account of the depository bank of the Holders (or a bank acting as an intermediary depository for the depository bank). Holders do not have a right to promised or paid dividends or other rights arising from the Delivery Shares, if the date on which the Delivery Share is quoted ex dividend or without the other right is prior to the date on which the Delivery Shares are credited to the Holder's securities account.

(4) *Delivery Fees.* Any expenses, in particular, depository fees, charges, notarisation fees, registration fees, transaction costs or execution fees, stamp duty, stamp duty reserve tax and/or other taxes and duties arising in connection with the delivery of the Delivery Shares, shall be borne by the relevant Holder; the Delivery Shares will only be delivered when the relevant Holder has paid all delivery costs to satisfy the Issuer.

(5) *No Registration Obligation.* Neither the Issuer nor the Paying Agent are obliged to register the relevant Holder or any other person prior to or following a delivery of the Delivery Shares as shareholder in any shareholder register of the share company or in any other register or ensure that he will be registered.

(6) *Delivery Disruption.* If, in the opinion of the Calculation Agent, delivery of the Delivery Shares cannot be made due to a Settlement Disruption Event existing on the Maturity Date, the Maturity Date shall be the next Delivery Business Day, on which no Settlement Disruption Event exists. If, following the expiry of 8 Delivery Business Days following the Maturity Date, delivery of the Delivery Shares is still not possible due to a Settlement Disruption Event, the Issuer may fulfil its obligations by paying the Disruption Cash Settlement Amount instead of delivering the Delivery Shares. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with § 10 of the General Conditions that a Settlement Disruption Event has occurred. The Holders shall not have any additional payment claims in the case of a delayed delivery due to the occurrence of a Settlement Disruption Event.

Where:

"Settlement Disruption Event" means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer as a result of which the Issuer cannot make delivery of the Delivery Shares.

"Disruption Cash Settlement Amount" is the fair market price of the Notes on the Maturity Date, as determined at the reasonable discretion of the Issuer, adjusted to account for any reasonable expenses and costs of the Issuer and/or its affiliates of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity options, equity swaps, or other securities of any type whatsoever hedging the Issuer's obligations under the Notes).

"Delivery Business Day" is a day on which the Delivery Shares can be delivered via the Clearing System.

"Maturity Date" is 02.10.2029, subject to an adjustment pursuant to § 4 of the Issue Specific Conditions.

The **"Early Redemption Barrier"** is in relation to the relevant Early Redemption Date, figures shown in the table below.

02.10.2028	90.00 per cent. of the Strike Price
03.04.2029	85.00 per cent. of the Strike Price

"Early Redemption Dates" occur, subject to an adjustment pursuant to § 4 of the Issue Specific Conditions, semi-annually in each case on 02.04. und 02.10. of each year commencing on 02.04.2027 and ending on 02.04.2029.

The **"Early Redemption Amount"** is 100 per cent. of the Principal Amount.

"Performance" is an amount expressed as a percentage, which is calculated by the Calculation Agent and is equal to the result of dividing (i) the Closing Price of the relevant Reference Asset on the Valuation Date

or the Last Valuation Date, as applicable by (ii) the Strike Price of the relevant Reference Asset, and is calculated by using the following formula:

$$\frac{\text{Closing Price on the (Last) Valuation Date}}{\text{Strike Price}}$$

Definitions specific to the Reference Asset:

"Shares" are the shares of the **"Share Basket"** listed in the below table:

Share issuer	ISIN	Type	Exchange	Screen Page	Currency of the Shares	Currency Screen Page
Microsoft Corp	US5949181045	Common Share	NASDAQ	Reuters MSFT.OQ	USD	WMRSPOT
Apple Inc.	US0378331005	Common Share	NASDAQ	Reuters AAPL.OQ	USD	WMRSPOT

"Reference Assets" are the Shares included in the Share Basket.

"Screen Page" means the screen page listed in the above table for the respective Share.

"Exchange" means the exchange mentioned in the above table for the respective Share or any successor exchange or successor quotation system or any substitute exchange or substitute quotation system to which trading in the respective Share has been temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to such Share on such temporary substitute exchange or quotation system as on the original Exchange).

"Closing Price" of the Reference Asset is the official Closing Price of the relevant Share on the Exchange at the Valuation Time (as defined in § 5 of the Issue Specific Conditions) on the relevant day.

"Cash Amount" is an amount, which is calculated by the Calculation Agent and is equal to the product of (i) the Residual Fraction per Note and (ii) the Closing Price of the Relevant Share on the Last Valuation Date, and is calculated by using the following formula:

$$\text{Residual Fraction} \times \text{Closing Price on the Last Valuation Date}$$

The Cash Amount is commercially rounded to the nearest two decimal places (0.005 being rounded downwards).

"Delivery Shares" are, in respect of each Note, the number (or fractions thereof) of the Relevant Shares that is calculated by the Calculation Agent and is equal to the result of dividing (i) the Principal Amount per Note by (ii) the Strike Price of the Relevant Shares (the result of the division being the **"Multiplier"**), and is calculated by using the following formula:

$$\frac{\text{Principal Amount per Note}}{\text{Strike Price}}$$

If the Multiplier of the Calculation Agent contains fractions of Relevant Shares (in relation to a Note, the **"Residual Fraction"**), a Holder will receive the number of Relevant Shares corresponding with the Multiplier, rounded down to the next lower integral number of Relevant Shares, which can be delivered by the Issuer. The Residual Fraction will be settled in money. The amount to be settled in money is equal to the Cash Amount. For clarification: Notes of the same Holder will not be aggregated for the purpose of determining the number of Delivery Shares and the number of deliverable Relevant Shares or the Cash Amount will be calculated per Note.

"Relevant Share" is the Reference Asset, the Performance of which is the lowest compared with the other Reference Assets.

§ 4

MANNER OF PAYMENT AND BUSINESS DAY CONVENTION

(1) *Manner of Payment.* Subject to applicable fiscal and other laws and regulations, payments of amounts due in respect of the Notes shall be made in the Specified Currency.

If the Issuer determines that it is impossible to make payments of amounts due on the Notes in freely negotiable and convertible funds on the relevant due date for reasons beyond its control or that the Specified Currency or any successor currency provided for by law (the **"Successor Currency"**) is no longer used for the settlement of international financial transactions, the Issuer may fulfil its payment obligations by making such payments in Euro on the relevant due date on the basis of the Applicable Exchange Rate. Holders shall not be entitled to further interest or any additional amounts as a result of such payment. The **"Applicable Exchange Rate"** shall be (i) (if such exchange rate is available) the exchange rate of Euro against the Specified Currency or the Successor Currency (if applicable) determined and published by the European Central Bank for the most recent calendar day falling within a reasonable period of time prior to the relevant due date, or (ii) (if such exchange rate is not available) the exchange rate of Euro against the Specified Currency or the Successor Currency (if applicable) which the Calculation Agent has calculated as the arithmetic mean of offered rates concerning the Specified Currency or the Successor Currency (if applicable) quoted to the Calculation Agent by four leading banks operating in the international foreign exchange market for the most recent calendar day falling within a reasonable (as determined by the Calculation Agent in its reasonable discretion) period of time prior to the relevant due date, or (iii) (if such exchange rate is not available) the exchange rate of Euro against the Specified Currency or the Successor Currency (if applicable) as determined by the Calculation Agent in its reasonable discretion.

(2) *Business Day Convention.* If the due date for any payment in respect of any Note is not a Business Day (as defined in § 1 (2)), then the due date shall be postponed to the next calendar day which is a Business Day.

If the Maturity Date is adjusted, the Holder shall not be entitled to payments in respect of such adjustment.

§ 5

MARKET DISRUPTIONS IN RESPECT OF THE SHARES

(a) Market Disruptions

The Reference Date for each Share not affected by the occurrence of a Disrupted Day (as determined by the Calculation Agent) shall be the Scheduled Reference Date.

If the Calculation Agent determines that any Reference Date for any Share is a Disrupted Day, then the Reference Date for such Share shall be the first succeeding Scheduled Trading Day that the Calculation Agent determines is not a Disrupted Day in respect of such Share, unless the Calculation Agent determines that each of the consecutive Scheduled Trading Days up to and including the Reference Cut-Off Date is a Disrupted Day. In that case or if any Reference Date falls on the Reference Cut-Off Date since the original date on which it was scheduled to fall is not a Scheduled Trading Day:

- (i) that Reference Cut-Off Date shall be deemed to be the Reference Date for such Share, notwithstanding the fact that such day is a Disrupted Day or is not a Scheduled Trading Day; and
- (ii) the Calculation Agent shall determine its good faith estimate of the value for the Share as of the Valuation Time on that Reference Cut-Off Date (and such determination by the Calculation Agent pursuant to this paragraph (ii) shall be deemed to be the Share Price at the Valuation Time in respect of the relevant Reference Date).

(b) Notification

The Calculation Agent shall give notice, as soon as practicable, to the Holders in accordance with § 10 of the General Conditions of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been a Reference Date. Any failure by the Calculation Agent to so notify the Holders of the occurrence of a Disrupted Day shall not affect the validity of the occurrence or the consequences of such Disrupted Day.

"Exchange" has the meaning as defined in § 3 of the Issue Specific Conditions.

"Exchange Business Day" means any Scheduled Trading Day on which the Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

"Reference Date" means the Strike Fixing Date and each Valuation Date, or if earlier, the Reference Cut-Off Date.

"Disrupted Day" means any Scheduled Trading Day on which the Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

"Related Exchange" means each exchange or quotation system (as the Calculation Agent may select) where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Share or, in any such case, any transferee or successor exchange of such exchange or quotation system (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Share on such temporary substitute exchange or quotation system as on the original Related Exchange).

"Scheduled Closing Time" means in respect of the Exchange or any Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

"Scheduled Trading Day" means any day on which each Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions.

"Scheduled Reference Date" means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been a Reference Date.

§ 6

ADDITIONAL DISRUPTION EVENTS

If any Additional Disruption Event occurs in respect of any Share, the Issuer, acting in its reasonable discretion, may:

- (i) require the Calculation Agent to determine, in its reasonable discretion, the adjustment, if any, to be made to any one or more of the Issue Specific Conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes, as the Calculation Agent determines appropriate to account for the Additional Disruption Event and determine the effective date of that adjustment; or
- (ii) repay the Notes by giving notice to Holders in accordance with § 10 of the General Conditions. If the Notes are so settled, the Issuer will pay to each Holder, in respect of each Note held by such Holder, an amount equal to the fair market price of the Note taking into account the Additional Disruption Event, adjusted to account fully for any reasonable expenses and costs of the Issuer and/or its affiliates of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity options, equity swaps, or other securities of any type whatsoever hedging the Issuer's obligations under the Notes), all as determined by the Calculation Agent in good faith and in a commercially reasonable manner. Payments will be made in such manner as shall be notified to the Holders in accordance with § 10 of the General Conditions.

On or after the occurrence of a relevant Additional Disruption Event, the Issuer may, in addition to (i) and (ii) above, require the Calculation Agent to adjust the Share Basket to include a share selected by it (the **"Substitute Share(s)"**) in place of the Shares (the **"Affected Share(s)"**) which are affected by such Additional Disruption Event and such Substitute Shares will be deemed "Shares" and their issuer a "Share Issuer" for the purposes of the Shares, respectively, and the Calculation Agent may make such adjustment to any one or more of the Terms and Conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes as the Calculation Agent determines appropriate, and/or any of the other terms of these Conditions as the Calculation Agent, in its reasonable discretion, determines appropriate. In this regard:

- (a) such substitution and the relevant adjustment to the Terms and Conditions will be deemed to be effective as of the date selected by the Calculation Agent (the **"Substitution Date"**), in its absolute discretion, and specified in the notice referred to in § 10 of the General Conditions;
- (b) the weighting of each Substitute Share in the relevant basket will be equal to the weighting of the relevant Affected Share, unless otherwise determined by the Calculation Agent in its reasonable discretion;
- (c) in order to be selected as a Substitute Share, any relevant share must be a share which, in the reasonable discretion of the Calculation Agent:
 - (I) is not already the Share or comprised in the Share Basket, as the case may be;
 - (II) belongs to a similar economic sector as the Affected Share;
 - (III) to the extent possible issued by a stock corporation being incorporated in the same jurisdiction or geographical area; and
 - (IV) is of comparable market capitalization, international standing, and exposure as the Affected Share.

Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable, to the Holders in accordance with § 10 of the General Conditions, stating the occurrence of the Additional Disruption Event, giving details thereof and the action proposed to be taken in relation thereto. Any failure to give, or non-receipt of, such notice will not affect the validity of Additional Disruption Event.

"Hedge Positions" means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in securities, options, futures, derivatives, or foreign exchange, (ii) stock loan transactions or (iii) other arrangements (howsoever described) by the Issuer and/or any of its affiliates in order to hedge its obligations under the Notes, individually or on a portfolio basis.

"Hedging Disruption" means that the Issuer and/or any of its affiliates is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind, or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Notes, or (ii) realize, recover, or remit the proceeds of any such transaction(s) or asset(s).

"Increased Cost of Hedging" means that the Issuer and/or any of its affiliates would incur a materially increased (as compared with circumstances existing on the Strike Fixing Date) amount of tax, duty, expense, or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute,

maintain, unwind, or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Notes, or (b) realize, recover, or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its affiliates shall not be deemed an Increased Cost of Hedging.

"Change in Law" means that, on or after the Strike Fixing Date, due to (i) the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines, in its reasonable discretion, that (y) it has become illegal for the Issuer and/or any of its affiliates to hold, acquire or dispose of relevant Hedge Positions including any relevant Share, or (z) the Issuer and/or any of its affiliates will incur a materially increased cost in performing its obligations under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit, or other adverse effect on its tax position).

"Insolvency Filing" means that a Share Issuer institutes, or has instituted against it by a court, regulator, supervisor, or any similar official with primary insolvency, rehabilitative, or regulatory jurisdiction over it in the jurisdiction of its incorporation or organization or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor, or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Share Issuer shall not be deemed an Insolvency Filing.

"Additional Disruption Event" means any Change in Law, Hedging Disruption, Increased Cost of Hedging and/or Insolvency Filing.

§ 7

ADJUSTMENTS IN RESPECT OF THE SHARES

(a) Potential Adjustment Events

Following the determination by the Calculation Agent that a Potential Adjustment Event has occurred in respect of any Share or following any adjustment to the settlement terms of listed options or futures contracts on any Share traded on a Related Exchange, the Calculation Agent will, in its reasonable discretion, determine whether such Potential Adjustment Event or adjustment to the settlement terms of listed options or futures contracts on the relevant Share traded on a Related Exchange has a diluting or concentrative effect on the theoretical value of such Share and, if so,

- (i) will make the corresponding adjustment, if any, to any one or more of the Issue Specific Conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes, as the Calculation Agent, in its reasonable discretion, determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate, or liquidity relative to the relevant Share), and
- (ii) determine the effective date of that adjustment. The Calculation Agent will generally, but need not, make the same adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Share traded on that options exchange.

Upon the making of any such adjustment by the Calculation Agent, the Calculation Agent shall give notice as soon as practicable to the Holders in accordance with § 10 of the General Conditions stating the adjustment to the Issue Specific Conditions, and giving brief details of the Potential Adjustment Event. Any failure to give, or non-receipt of, such notice will not affect the validity of the Potential Adjustment Event.

"Potential Adjustment Event" means:

- (i) a subdivision, consolidation or reclassification of relevant Shares (unless resulting in a Merger Event) or a free distribution or dividend of any such Shares to existing holders of the Shares by way of bonus, capitalization, or similar issue;
- (ii) a distribution, issue, or dividend to existing holders of the relevant Shares of (I) such Shares, or (II) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Issuer equally or proportionately with such payments to holders of such Shares, or (III) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Share Issuer as a result of a spin-off or other similar transaction, or (IV) any other type of securities, rights, or warrants, or other assets, in any case for payment (in cash or in other consideration) at less than the prevailing market price, all as determined by the Calculation Agent;

- (iii) an Extraordinary Dividend;
- (iv) a call by a Share Issuer in respect of relevant Shares that are not fully paid;
- (v) a repurchase by a Share Issuer or any of its subsidiaries of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities, or otherwise;
- (vi) in respect of a Share Issuer, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Share Issuer pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments, or stock rights at a price below their market value, as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or
- (vii) any other event having, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Shares.

(b) Merger Event, Tender Offer, Delisting, Nationalisation, and Insolvency

If a Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency occurs in relation to any Share, the Issuer in its reasonable discretion, may:

- (i) on or after the relevant Merger Date, Tender Offer Date, or the date of the Nationalisation, Insolvency, or Delisting (as the case may be), require the Calculation Agent to replace the Share which is affected by such Merger Event, Tender Offer, Nationalisation, Insolvency, or Delisting, and the Substitute Share (the "**Affected Share**") by a share selected by the Calculation Agent (the "**Substitute Share**") and their issuer will be deemed "Share" and a "Share Issuer" for the purposes of the Issue Specific Conditions, respectively, and the Calculation Agent may make such adjustment, if any, to any one or more of the Issue Specific Conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes, as the Calculation Agent determines, in its reasonable discretion, appropriate. In this regard:
 - (a) such substitution and the relevant adjustment to the Terms and Conditions will be deemed to be effective as of the date selected by the Calculation Agent (the "**Substitution Date**"), in its reasonable discretion, and specified in the notice referred to in § 10 of the General Conditions which may, but need not, be the Merger Date or Tender Offer Date or the date of the Nationalisation, Insolvency, or Delisting (as the case may be);
 - (b) in order to be selected as a Substitute Share, each relevant share must be a share which, in the reasonable discretion of the Calculation Agent:
 - (I) is not already the Share or in the Share Basket as the case may be;
 - (II) belongs to a similar economic sector as the Affected Share;
 - (III) to the extent possible issued by a stock corporation being incorporated in the same jurisdiction or geographical area as the issuer of the Affected Share; and
 - (IV) is of comparable market capitalization, international standing, and exposure as the Affected Share; and
- (ii) require the Calculation Agent to determine, in its reasonable discretion, the appropriate adjustment, if any, to be made to any one or more of the conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes, as the Calculation Agent determines, in its reasonable discretion, appropriate to account for the Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency, as the case may be, and determine the effective date of that adjustment. The relevant adjustments may include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate, or liquidity relevant to the Shares or to the Notes. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency made by any options exchange to options on the Shares traded on that Options Exchange or
- (iii) following such adjustment to the settlement terms of options on the Shares traded on such exchange (s) or quotation system(s) as the Issuer, in its reasonable discretion, shall select (the "**Selected Exchange**"), require the Calculation Agent to make the appropriate adjustment, if any, to any one or more of the Issue Specific Conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes, as the Calculation Agent determines, in its reasonable discretion, appropriate, which adjustment will be effective as of the date determined by the

Calculation Agent to be the effective date of the corresponding adjustment made by the Selected Exchange. If options on the Shares are not traded on the Selected Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of the conditions, including without limitation, any variable or term relevant to the settlement or payment under the Notes as the Calculation Agent in its reasonable discretion determines appropriate, with reference to the rules and precedents (if any) set by the Selected Exchange to account for the Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency, as the case may be, that in the judgment of the Calculation Agent would have given rise to an adjustment by the Selected Exchange if such options were so traded or

- (iv) having given notice to Holders in accordance with § 10 of the General Conditions, repay all, but not only some, of the Notes, each Note being repaid by payment of an amount equal to the fair market price of a Note taking into account the Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency, as the case may be, adjusted to account fully for any reasonable expenses and costs of the Issuer and/or its affiliates of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity options, equity swaps, or other securities of any type whatsoever hedging the Issuer's obligations under the Notes), all as determined by the Calculation Agent in good faith and in a commercially reasonable manner. Payments will be made in such manner as shall be notified to the Holders in accordance with § 10 of the General Conditions.

(c) Notification

Upon the occurrence of a Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency, the Issuer shall give notice as soon as practicable to the Holders, in accordance with § 10 of the General Conditions, stating the occurrence of the Merger Event, Tender Offer, Delisting, Nationalisation or Insolvency, as the case may be, giving details thereof and the action proposed to be taken in relation thereto, including, in the case of Substitute Shares, the identity of the Substitute Shares, and the Substitution Date. Any failure to give, or non-receipt of, such notice will not affect the validity of the Merger Event, Tender Offer, Delisting, Nationalisation, or Insolvency.

(d) Correction of Share Price

In the event that any Share Price published on the Exchange on any date which is utilized for any calculation or determination is subsequently corrected and the correction is published by the Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make any determination or determine the amount that is payable or deliverable as a result of that correction, and, to the extent necessary, will adjust any relevant conditions to account for such correction, provided that, if a Correction Cut-Off Date is applicable for a relevant Share for any relevant date, corrections published after such Correction Cut-Off Date will be disregarded by the Calculation Agent for the purposes of determining or calculating any relevant amount.

What are the key risks that are specific to the Securities?

Risk factors relating to the structure and pay-off of the Notes

- Holders bear the risk that they fully participate in the negative performance of the reference asset.
- Holders are exposed to the risk of receiving such number of Shares or ETF-shares reflecting the negative performance of the underlying.
- Holders are exposed to the risk that no interest will be paid.

Risk factors relating to shares or a share basket as reference asset

- Macroeconomic and company-specific factors having a negative effect on the performance of the shares may also affect the market price and Redemption Amount of the Notes which may lead to the loss of the entire invested capital or part of it.
- Notes relating to shares do not take into account any dividends and other distributions.

- Certain events in relation to the share may result in an adjustment or early redemption of the Notes.

Risk factor relating to the status of the Notes

- Holders are exposed to the risk of statutory loss absorption.

Risk factor relating to conflicts of interest with regards to the Notes

- The Issuer may be exposed to conflicts of interest which might adversely affect the Holders.

Risk factors related to the investment and pricing of the Notes

Since the Issuer will, when determining the price of the Notes on the secondary market, also take into account, in particular, the subscription fee (agio), the spread between bid and ask prices as well as commission and other fees in addition to the mathematical (fair) market price of the Notes, the prices quoted by the Issuer may considerably deviate from the fair market price of the Notes.
- Holders assume the risk that the credit spread of the Issuer widens resulting in a decrease in the market price of the Notes.

Risk factor related to the costs associated with and the market in the Notes

- The Notes may have no liquidity or the market for such Notes may be limited and this may adversely impact their market price or the ability of the Holder to dispose of them. Holders are exposed to the risk of wrong assessment of the Notes' liquidity due to the issue size of the Notes.

Indication of the most material conflicts of interest pertaining to the offer or the admission to trading

The Issuer and its affiliates act as market maker for the Notes and in certain cases, the underlying. In the context of such market making activities, the Issuer and its affiliates will substantially determine the market price of the Notes and possibly of the underlying. The market prices provided by the Issuer and its affiliates in their capacity as market maker may not always correspond to the market prices that would have formed in the absence of such market making and in a liquid market.

Dealers and affiliates of the Issuer may engage in lending, investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer and its affiliates in the ordinary course of business.

Where the Issuer acts as calculation agent or the calculation agent is an affiliate of the Issuer, in special situations potential conflicts of interest may arise between the calculation agent and the Holders, especially referring to a situation where the reference interest rate for Notes with a floating interest rate is no longer available and no clear transitional arrangement has been created and a situation if a currency would disappear and no official exchange rate could be determined at the relevant time. Additionally such potential conflicts of interest may arise, where such functions may allow the Issuer or an affiliate of the Issuer to calculate the value of the reference asset or (where the

reference asset is a basket) to determine the composition of the reference asset, which could raise conflicts of interest where securities or other assets issued by the Issuer itself or a group company can be chosen to be part of the reference asset, or where the Issuer maintains a business relationship with the issuer or obligor of such securities or assets.

The Issuer may from time to time engage in transactions involving the reference asset for its proprietary accounts and for accounts under its management. Such transactions may have a negative effect on the value of the reference asset and consequently upon the market price of the Notes.

The Issuer may issue other derivative instruments in respect of the relevant reference asset and the introduction of such competing products into the marketplace may affect the market price of the Notes.

The Issuer may acquire non-public information with respect to the reference asset, and the Issuer does not undertake to disclose any such information to any holder. In addition, the Issuer may publish research reports with respect to the reference asset. Such activities could present conflicts of interest and may affect the market price of the Notes.

Employees might undertake deals on their own behalf subject to securities laws on personal account dealings and market abuse as well as statutory and internal compliance standards. Commissions, charges and associated costs of employees may deviate from those of other market participants.
